The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self-propelled three-wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of

the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each preceding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screenings and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three-quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140°F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the Asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve..	45- 65%
Passing No. 4 retained on No. 10 sieve....	10- 30%
Passing No. 10 retained on No. 40 sieve..	5- 18%
Passing No. 40 retained on No. 50 sieve....	7- 22%
Passing No. 80 retained on No. 200 sieve..	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. 11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according

to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandonded are located at the intersections of streets. ARTICLE III

Tenant has examined the premises prior to and as a condition precedent to, the execution hereof and is satisfied with the physical condition of said premises, and its taking possession thereof will be conclusive evidence of its receipt of said premises in a safe, sanitary and sightly condition and in good repair.

In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of Article VI of this agreement.

ARTICLE VIII

In the event the premises or the building of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuilt by Landlord at its expense as soon as funds are available but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other property installed by Tenant pursuant to this agreement.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

In the event of any damage or destruction by fire or other casualty to the premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other property, installed by it pursuant to this agreement.

ARTICLE IX

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and shall be further subject to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and the further provisions, including the right of cancellation of Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent as entered into between the City and the scheduled Airlines governing use and operation of Chicago-O'Hare International Airport.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Airport who shall be objectionable to the Commissioner and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Commissioner.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from said Airport.

ARTICLE X

Tenant agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin. Attention is called to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1961, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1961, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1961, Ch. 48, Secs. 851 to 866 inclusive; and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings.

ARTICLE XI

If Tenant shall vacate or abandon the premises or permit the same to remain vacant or unoccupied for a period of ten (10) days, or in case of the nonpayment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issu-

ance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

ARTICLE XII

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

ARTICLE XIII

Tenant, upon performing the covenants, conditions and agreements herein contained, shall and may peacefully have, hold and enjoy the premises and privileges hereinafter granted.

ARTICLE XIV

This agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

ARTICLE XV

Notices to the Landlord provided for herein may be sent by registered mail, postage prepaid, addressed to the Commissioner of Aviation of the City of Chicago, City Hall, Chicago 2, Illinois, and notices to Tenant provided for herein may be sent by registered mail, postage prepaid, addressed to Tenant at 6200 South Cicero Avenue, Chicago 38, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time and such notices shall be deemed to have been given when so sent.

ARTICLE XVI

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

ARTICLE XVII

Landlord expressly reserves the right to further develop or improve the landing area, the Terminal Buildings and other buildings and appurtenances on the Airports as it so sees fit, regardless of the desires or views of the Tenant and without interference or hindrance.

for a period of ten (10) days, or in case of the non-payment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immedately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default as aforesaid, together with the costs of such proceedings and for such purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from the Tenant and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

This grant shall continue in effect so long as Authority continues the operation of said station and access to the existing loading platform, it being understood that the rights granted here to Authority are with respect only to the operation of said station and access to loading platform, it shall remove the same at its sole expense within one year from the date of abandonment; it being understood that failure on the part of Authority to operate said station for a period of ninety days shall constitute an abandonment for the purpose of this agreement, provided, however, that such temporary closing of the station occasioned by strikes, acts of God, or causes beyond the control of Authority shall not be construed as an abandonment. Should Authority be required to remove said facilities as herein provided and fails to do so, then State may remove said facilities and charge Authority for the cost thereof.
2. It is anticipated by the parties to this Agreement that the rapid transit station and access to loading platform referred to in Section 1 above will be constructed and in operation on or before February 1, 1965. If, for any reason, Authority has not placed the Station in operation by July 1, 1966, the grants contained in Section 1 of this Agreement shall become null and void.
3. All plans and specifications for the construction of said station and access to loading platform shall be subject to the written approval of State prior to the start of construction of such facility.
4. Authority agrees to maintain the station, access to loading platform and sidewalks adjacent to the station. The remaining sidewalks, wearing surface, handrails and lighting units shall be maintained by City, all as shown on Exhibit "B" attached hereto and made a part hereof.
5. State agrees to maintain all elements of the bridge except those maintained by the Authority and City as set forth in Section 4 above.
6. Authority agrees that advertising matter will not be displayed on any portion of the Peoria Street Bridge deck, the rapid transit station to be constructed on the bridge or on the access to the loading platform. Authority will be permitted to erect such signs as may be necessary for the proper operation and identification of the rapid transit station.
7. It is understood that all rights herein granted to Authority shall be personal to it and shall not be assigned, transferred or sold by it except as provided in Section 8 of this agreement.
8. It is understood that pursuant to Section 9, Paragraphs B and C of the ordinance authorizing and granting to the Chicago Transit Authority the exclusive right to acquire, construct, re-construct and maintain and operate facilities for local transportation within the City of Chicago, passed by the City Council of the City of Chicago on April 23, 1945, City will construct at its expense the station and access to loading platform covered by this agreement. Authority shall reimburse City for the cost of any fixed transportation equipment required in accordance with said ordinance. References in this agreement applying to design and construc-

tion of said station and access to loading platform will apply to City as well as Authority.

9. Authority agrees to indemnify and save harmless the other parties to this agreement against any and all claims resulting from any and every cause occurring on the premises granted to Authority under this agreement. Said premises to be coincident with the area and space maintained by Authority under the provisions of Section 4 of this agreement.

   Authority further agrees to reimburse Department for any expense it may incur in repairing any damage to the Peoria Street Bridge and/or FAI Route 90 (Congress Expressway) on appurtenances thereto, that may result, either directly or indirectly from the use of the premises by Authority. It is understood that Authority is self-insured and has at its disposal adequate resources from which payments can be made in compliance with the provisions of this section.

10. City and State agree to execute as joint lessors and University agrees to execute as Lessee a lease to the University for certain lands needed for the improvement covered by this Agreement. Said lease is attached hereto marked Exhibit "C" and made a part hereof.

11. It is understood and agreed by the parties hereto that this agreement shall not be binding unless it is approved by the Bureau of Public Roads, United States Department of Commerce.

1. This lease shall not take effect unless approved by the Bureau of Public Roads, United States Department of Commerce.
2. Lessee agrees to remove the pavement, curbs, sidewalks, lighting and other appurtenances presently existing on the property, except public and private utilities which are required to remain to service areas outside of lease area, to regrade the area, to construct an access ramp and service drive and to landscape the property for use as a portion of Lessee's Campus. 3. The leased premises shall be used by Lessee for the use aforementioned in Section 2 and no other without the written approval of Department.
4. No other improvements shall be placed on Rental Space, nor alterations made on Rental Space without the written consent of Department.
5. Lessee shall, at its own expense, keep the leased premises in a clean, sightly and healthy condition and in good repair, and shall yield the leased premises back to Lessors upon the termination or revocation of this lease in the same condition in which Lessee received same, ordinary wear and tear excepted: provided, however, that Lessee shall not be required to restore pavement, curbs and sidewalk removed in compliance with Section 2 above.
6. Signs are to be restricted in size, location and design to those necessary to indicate each activity being conducted on Rental Space. No such sign shall be visible from highway. Plans for such signs must be submitted to Department and approved by it before erection of such sign.
7. Lessee shall not assign this lease, and shall not sublet the leased premises.
8. The original term of this Lease shall be for a period commencing on ..... and extending to and including June 30, 1965. It is understood and agreed that the Lessee shall have, and the Lessors hereby grant to the Lessee, the option of renewing and extending the term of this lease upon the same terms and conditions as set forth herein for successive two year periods, commencing with July 1 in each odd numbered year, said options to be exercised by Lessee giving Lessors notice in writing in the manner hereinafter provided. Said notice shall be given by Lessee to Department after the

expiration of the preceding original or renewal term, and on or prior to July 10 of the first year of the particular two year period for which Lessee shall then be electing to renew this Lease, such exercise of such option if made after July 1 of such year to be retroactive to July 1, and Lessee shall be entitled to remain in possession of the demised premises until the time for such exercise of option shall have expired, without such holding over creating a hold-over tenancy or constituting a renewal of this Lease. Such notice in writing shall be conclusively deemed to have been duly and properly given if deposited in the United States mail on or before July 10 of such year in a sealed, postage prepaid envelope, addressed to Department at 160 North LaSalle Street, Chicago, Illinois, or such other address as may be designated hereafter by Department in writing from time to time. From and after July 1, 1967, the Lessors shall have the privilege of defeating Lessee's aforesaid option of renewal by so notifying the Lessee in writing in the manner hereinafter provided within ten days of the date upon which the Lessee mails its exercise of option to renew in accordance with the foregoing. Such notice by the Lessors shall be conclusively deemed to have been duly and properly given if in writing signed by Department and deposited in the United States mail on or before the expiration of ten days from the date of mailing of Lessee's notice of exercise of option provided herein, in a sealed postage prepaid envelope addressed to Lessee at the University of Illinois, Urbana, Illinois, or such other address as may be designated hereafter by Lessee in writing from time to time.

Anything herein contained to the contrary notwithstanding the parties hereto mutually agree:

a. That nothing herein contained shall be construed as in any way extending the original term of this Lease beyond June 30, 1965, or as extending any succeeding biennial term beyond June 30 of the second year of any such biennial term, in the absence of exercise by Lessee of its option to renew this Lease for a succeeding term; and

b. That neither this Lease, any renewal hereof, nor any obligation hereunder shall create any debt, indebtedness, liability, or obligation of the State of Illinois within the meaning of any statuatory or constitutional restriction or limitation, and the State shall not be liable hereon nor shall this Lease, any renewal hereof, or any obligation of Lessee hereunder, create any liability or indebtedness of Lessee prior to the time when any payment hereunder or under any renewal hereof, becomes actually due and payable, and then only for an amount which is not in excess of funds in the hands of Lessee, at time when any such payment becomes actually due and payable, and which may be specially and properly applied to the payment of the same.

9. This lease shall be revocable by Lessors for noncompliance with its provisions by Lessee, cessation of use or abandonment of facilities: provided, however, that Lessors may not revoke this Lease unless Lessors have given written notice to Lessee not less than thirty days prior to the effective date of such revocation, specifying in said notice the grounds therefor, and Lessee shall have failed during such thirty day period to correct or eliminate the condition which would otherwise have authorized such revocation by the Lessors.

10. Upon termination of this lease by its expiration or otherwise, Lessee shall immediately yield possession of leased premises to Lessors.

11. Lessors reserve right of entry upon leased premises by their officers, agents and employees for the purpose of inspecting the premises or for the protection and maintenance of highway facilities including the maintenance of the footings of the retaining wall adjacent to the north side of the property and to maintain any and all public and privately owned utilities situated on the property. Lessors further reserve the right of immediate entry on leased premises and the right to take possession thereof in case of national or other emergency.

12. City hereby constitutes Department its sole agent for the administration of this lease and for the performance of the duties and other functions delegated to Department in paragraphs 1 through 12 hereof.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. To evidence of record the determination of the amount of payments to be made monthly by Chicago Transit Authority to the City of Chicago for reimbursement of the initial cost

AMENDED Mar 24 1965, p. 4366

of transportation equipment furnished by the City of Chicago in the West Side Subway Extension, the Mayor, City Clerk and Commissioner of Public Works be and they hereby are authorized and directed to execute on behalf of the City of Chicago an agreement in substantially the form attached hereto as Exhibit "A" and made a part of this ordinance.

SECTION 2. The agreement shall be executed in quadruplicate, one copy to be delivered to the Secretary of Chicago Transit Board, one copy to the City Treasurer, the City Comptroller and the Commissioner of Public Works of the City of Chicago, respectively.

SECTION 3. This ordinance shall be in effect upon its passage and approval by the Mayor.

The following is Exhibit "A" attached to the foregoing ordinance:

This Agreement made this ..... day of ....., 1963, by and between Chicago Transit Authority, a municipal corporation, Cook County, Illinois, herein called "Authority", and City of Chicago, a municipal corporation, Cook County, Illinois, herein called "City";

Witnesseth:

Whereas, Paragraph E of Section 9 of the ordinance authorizing and granting to Authority the exclusive right to acquire, construct, reconstruct, maintain and operate facilities for local transportation within the City, passed by the City Council of the City on April 23, 1945 (C. J. pages 3369-3414), approved by the Mayor of the City on April 30, 1945, approved by the electors of the City on June 4, 1945, and accepted by Authority on July 10, 1945, provides that beginning with the date upon which Authority shall assume its obligation with respect to maintenance or operation of any City-owned Subways or extensions thereof, which includes the West Side Extension of the Initial System of Subways, described as an extension of Route No. 2 in Item II of Exhibit "C" of said ordinance, Authority shall make adequate provision for and pay to the City Comptroller of the City of Chicago, amounts adequate to reimburse City for the initial cost of each and every item of subway transportation equipment in any such subway or extension, furnished and installed by City during its useful life and provides further that amounts sufficient to amortize the initial cost of said transportation equipment to be paid monthly by Authority to City shall be determined by agreement between Authority and the Commissioner of Public Works, successor to the Commissioner of Subways and Superhighways with respect to the powers and duties involved herein as provided by certain ordinances submitted to the City Council on October 31, 1952 (C. J. p. 3329) and passed by the City Council on November 10, 1952 (C. J. pages 3410-3416); and

Whereas, City and Authority entered into an agreement dated May 11, 1951, which was authorized by the City Council on December 1, 1950 (C. J. p. 7183), confirming the obligations as set forth in said ordinance of April 23, 1945 with respect to the West Side Extension of the Initial System of Subways; and

Whereas, Authority has been making monthly payments to City beginning with acceptance of West Side Subway Extension on June 23, 1958 (C. J. pages 7992-7993, July 9, 1958), which payments were based upon an estimate of the total cost at that time; and

Whereas, it is now desired that an agreement between said parties be entered into determining the amount to be paid monthly by Authority to City sufficient to amortize the initial cost of transportation equipment furnished and installed in said West Side Extension of the Intial System of Subways; and

Whereas, transportation equipment has been furnished and installed in the West Side Extension of the Initial System of Subways and the Commissioner of Public Works in accordance with standard accounting principles has determined the initial cost of said transportation equipment furnished and installed by City in said Subway is estimated to be $10,847,372.48, and has estimated the average useful life of all items of said subway transportation equipment to be 31 2/3 years, thereby determining that amounts sufficient to amortize the estimated total initial cost of said transportation equipment during its useful life would require payment by Authority to City of not less than $342,548.64 annually or not less than $28,545.72 monthly; *provided, however*, if the actual cost of said transportation equipment so furnished and installed is more or less than said amount of $10,847,372.48 or the average useful life of said transportation equipment is more or less than 31⅔ years, then the amount and time of said monthly payments shall be determined through mutual agreement of the parties, and in the event a difference of opinion shall arise as to either or both factors, a qualified arbitrator shall be selected by the Mayor of the City of Chicago to make a final determination of either or both of the issues involved; and

Whereas, possession of the West Side Extension of the Initial System of Subways and the Douglas Park Incline connection, including all structures and equipment and all other facilities of every kind and character installed or paid for by the City of Chicago for use in connection with or collateral to the operation and maintenance of said subway and incline connection; was delivered by the Commissioner of Public Works for the City of Chicago to the Chairman of Chicago Transit Board of Chicago Transit Authority on June 22, 1958 and said City-owned facilities were accepted by said Chairman of Chicago Transit Board of Chicago Transit Authority as authorized by Ordinance No. 58-87, passed on June 20, 1958 by Chicago Transit Board of Chicago Transit Authority.

Now, therefore, in consideration of the premises and the mutual undertakings of the parties to this Agreement and in conformity with all applicable laws, it is agreed:

1. That the sum of $10,847,372.48 is determined to be the estimated initial cost of the subway transportation equipment furnished and installed by City in the West Side Extension of the Initial System of Subways, all of which was unpaid on June 22, 1958.

2. That Authority shall pay to the City Comptroller of the City of Chicago, beginning with June 22, 1958, when Authority assumed its obligation to maintain and operate the West Side Extension of the Initial System of Subways, the sum of $28,545.72 in each of the calendar months for thirty-one years and eight months thereafter for the purpose of amortizing the initial cost of the transportation equipment to be furnished and installed in said Subway. These payments shall be made not later than the tenth day of each of said months and shall be deposited in the City Transit Fund as created by Section 19 of said ordinance passed by the City Council of the City of Chicago on April 23, 1945. *Provided, however*, if the initial cost of said subway transportation equipment when so furnished and installed and the operation and maintenance of said Subway has been taken over by Authority, is more or less than said sum of $10,-

847,372.48, or the average useful life of said transportation equipment is more or less than 31⅔ years, then the amount and time of said monthly payments shall be adjusted so that the aggregate thereof equals said total cost.

3. That the amount of the monthly payments as provided herein shall be reduced by the credit in the total amount of $609,535.00 allowed the Authority in sixty (60) equal monthly installments, as provided in said agreement between City and Authority dated May 11, 1951.

4. That the amount of the monthly payments as provided herein shall be reduced after the date of this agreement so as to take into account the payments made by Authority to City prior to this date, which payments were based upon an estimate greater than the actual installed cost of transportation equipment.

In Witness Whereof, Chicago Transit Authority, as authorized by the Chicago Transit Board, has caused this Agreement to be signed in its behalf and in its corporate name by the Chairman of the Chicago Transit Board and its corporate seal to be hereto affixed and attested by the Secretary of said Chicago Transit Board, and the City of Chicago as authorized by the City Council, has caused this agreement to be signed in its behalf and in its corporate name by the Mayor and the Commissioner of Public Works of the City of Chicago and its corporate seal to be hereto affixed and attested by the City Clerk of the City of Chicago, all as of the day and year first above written.

ORDINANCE

Authorizing execution of an agreement for reimbursement to the Chicago Transit Authority for the construction of a terminal yard for the West Side Subway Extension at DesPlaines Avenue in Forest Park, in lieu of a proposed connection to the Laramie Avenue Yard of the Chicago Transit Authority.

Be It Ordained by the City Council of the City of Chicago:

That the Mayor and the City Clerk be and they are hereby authorized to execute on behalf of the City of Chicago an agreement with the Chicago Transit Authority providing for the reimbursement to the Chicago Transit Authority for the construction of a terminal yard for the West Side Subway Extension at DesPlaines Ave., in the Village of Forest Park in lieu of a proposed connection to the Laramie Avenue Yard of the Authority and necessary construction at that location, said agreement to be substantially in the form attached to and made part of this ordinance, such expense on the part of the City to be paid from Subway Bonds—1952.

The following is the form of agreement attached to the foregoing ordinance:

This Agreement made and entered into this _____ day of _____, 1963, by and between the City of Chicago, a municipal corporation organized under the laws of the State of Illinois, hereinafter referred to as "City", and the Chicago Transit Authority, a municipal corporation, hereinafter referred to as "Authority".

Witnesseth:

Whereas, the City Council of City passed an ordinance on April 23, 1945 (C.J. pages 3369-3414), authorizing and granting to Authority the exclusive right to acquire, construct, reconstruct, maintain and operate facilities for local transportation within City, which ordinance included provision for City, if and when it so elected, to construct an extension of Route No. 2 of the Initial System of Subways in the Median of the West Route Superhighway and to be reimbursed by Authority for the cost of transportation equipment furnished and intalled by City in such an extension; and

Whereas, the City Council of City passed an ordinance on December 30, 1946 (C.J. pages 6817-6819), providing for the construction of the West Side Extension of the Initial System of Subways, to be known as the "West Side Subway", which ordinance was subsequently amended on October 15, 1948 (C.J. pages 3056-3057), December 1, 1950 (C.J. pages 7209-7210), May 11, 1954 (C.J. pages 7499-7504), and July 26, 1955 (C.J. pages 896-897), relocating the termini and revising track alignment

connections to existing Rapid Transit facilities and certain station sites; and

Whereas, City and Authority entered into an agreement dated May 11, 1951, which was authorized by the City Council on December 1, 1950 (C.J. page 7183), which confirmed the obligations of each, as set forth in the ordinance passed by the City Council on April 23, 1945, with respect to the West Side Subway Extension; and

Whereas, the City Council of City passed an ordinance on July 11, 1957 (C.J. pages 5818-5819) further amending the ordinance passed by the City Council on December 30, 1946 to provide for the elimination of the proposed connection to the Laramie Avenue Yard and the substitution of a new terminal yard situated west of DesPlaines Avenue in the Village of Forest Park; and

Whereas, the City of Chicago would have been required to construct an incline connection if the terminal yard had been located at Laramie Avenue instead of at DesPlaines Avenue in Forest Park; and

Whereas, the City of Chicago would have been required to pay for the cost of the fixed transportation equipment, to be installed at the Laramie Avenue Yard, subject to reimbursement by Authority to City over the useful life of said equipment, as provided by the ordinance passed by the City Council on April 23, 1945; and

Whereas, said DesPlaines Avenue Terminal Yard was constructed and placed in operation by Authority and it is now desired that an agreement between said parties be entered into determining the amount that City will pay to Authority to be applied to the cost of the DesPlaines Avenue Terminal Yard built in lieu of the Laramie Avenue Yard;

Now, Therefore, in consideration of the premises and the mutual undertakings of the parties to this Agreement and the mutual covenants herein contained, the parties hereto mutually covenant and agree as follows:

1. That the sum of $528,000.00 is determined to be the estimated cost of the incline connection which City would have been required to provide if the terminal yard had been located at Laramie Avenue.

2. That the sum of $1,016,866.69 is the cost of the fixed transportation equipment installed by Authority in the terminal yard at DesPlaines Avenue in Forest Park in lieu of similar equipment estimated to cost $1,602,850.00 which would have been required at Laramie Avenue and which the City would have been required to pay for, subject to reimbursement by Authority.

3. That City shall pay to Authority the amount of $1,544,866.69 to be applied to the cost of the DesPlaines Avenue Terminal Yard, which amount shall cover the estimated cost of the incline connection which the City would have been required to provide if the yard had been located at Laramie Avenue and the cost of the fixed transportation equipment installed at the DesPlaines Avenue Yard.

4. That $1,016,866.69 of the above amount to be paid to Authority by City shall be, and is now, included in the total amount to be reimbursed to City by Authority in monthly payments over the useful life of the fixed transportation equipment, for the cost of said equipment, as provided in the ordinance passed by the City Council on April 23, 1945, and which payments are now being made by Authority to City.

In Testimony Whereof, the parties hereto have executed this agreement, the day and year first above written.

Congratulations and Best Wishes Extended the B'nai B'rith on Observance of 120th Anniversary of Founding.

A proposed resolution reading as follows:

WHEREAS, The City of Chicago takes pride in joining the nationwide observance by the B'nai B'rith of the One Hundred and Twentieth Anniversary of the founding of that organization in the United States; and

WHEREAS, This organization, the oldest service organization founded in America, and one of the three oldest active in America, was founded in 1843 by a handful of men of small means but great heart, dedicated to relieving the plight of widows and orphans in need. Throughout its over a hundred years of growth and service, its purpose remained firm—to expand and implement the cause of brotherhood, with justice and peace among men. As time opened up new fields of development, so the B'nai B'rith opened new fields in endeavor. Now, on its one hundred and twentieth anniversary, B'nai B'rith, with almost half a million members, affiliates in forty-one countries, a 1962 record of expenditures exceeding $15,000,000, has to its credit such accomplishments as the Hillel Foundations, orphanages and homes for the aged in many principal cities, the establishment here in Chicago of the first free employment agency for immigrants, vocational services in nineteen cities, vocational schools, the free and non-sectarian National Jewish Hospital in Denver, Colorado, a pioneer institution in research and treatment of tuberculosis, and the Leo N. Levi Hospital in Hot Springs, Arkansas. Its Youth Organization currently has some 47,000 teen-agers in programs stressing good citizenship, athletics and cultural appreciation. Its philanthropic activities are wide in range and immeasurable in benefit. Its work, through the establishment and activities of the Anti-Defamation League, stands unique in the universal battle on behalf of minorities everywhere, now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago, by this resolution spread upon the record of the Proceedings of the City Council, hereby tender the congratulations of the people of Chicago to the B'nai B'rith on the One Hundred Twentieth Anniversary of its founding, record with pride the part which so many of our citizens have played in the activities of the organization, acknowledge with gratitude the myriad benefits which our society enjoys by virtue of its endeavors, and extend to the B'nai B'rith its felicitations and best wishes on this important occasion.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

TEXT OF THE BUDGET STATEMENT BY
MAYOR RICHARD J. DALEY
Friday, November 15, 1963.

Honorable Richard J. Daley, Mayor, thereupon read to the City Council the following communication, which was, on motion of Alderman Keane, ordered published:

To the Honorable, The Members of the City Council of the City of Chicago:

GENTLEMEN—On November 15, 1963, the Executive Budget of the City of Chicago for the calendar year of 1964 was filed with the City Clerk.

The 1964 Budget for the City of Chicago government is submitted herewith for consideration and approval by the City Council.

Last year, the Budget was reduced in virtually every department. There was a reduction in the over-all Budget of $44,000,000, and a reduction in the Corporate Budget of $4,000,000. The 1963 Corporate Tax Levy was reduced by $5,229,000.

These reductions were accomplished by the utilization of improved supervision, by the application of modern business techniques and the effect of management studies, and by the acquisition of electronic equipment. This modernization of government increased the economy and efficiency and sharply reduced paper work.

These standards have been firmly adhered to in the 1964 Budget, and the only departments that received substantial increases in appropriations are the Police and Fire Departments. In fact, if it were not for increased appropriations for the Police and Fire Departments there would be little change in the 1964 Corporate Budget appropriations as compared to 1963.

The Executive Budget for 1964 calls for a total appropriation for corporate and non-corporate expenditures of $528,058,470. This is an increase of $2,986,470 compared to 1963.

The 1964 Corporate, or Operating Budget, totals $232,090,970 compared to $225,313,799 for 1963—an increase of $6,777,171.

Property taxes will account for $4,121,000 of this increase and other sources of non-property tax income account for $2,656,171.

Allocation of Increases.

The increases in the Corporate Budget are primarily $4,190,395 for the Police Department and $2,137,345 for the Fire Department, for a total of $6,327,740—representing 93% of the increase in the 1964 Budget.

Other increases in the Corporate Budget allocate $653,589 for union and scheduled salary increases; an increase of 5% in beginning salary for junior clerks amounting to $61,000; increases for other departments of $443,431; and $329,680 for the mandatory allocation for additional loss and cost.

For the operation of the City of Chicago—and this, of course, does not include the taxes of other government taxing bodies such as the Board of Education, the Cook County Board, the Park District, the Sanitary Board, and the Forest Preserve, the increase in the 1964 Property Tax Levy will not equal the increase in the Budget appropriations to improve the Police and Fire Departments in 1964.

As a matter of fact, the total Corporate Tax Levy for 1964 of $110,194,000 is $17,963,000 less than the amount required to finance the total appropriations for the Police and Fire Departments alone.

In July of 1963 the Citizens Committee on Chicago's Revenues and Expenditures, representing leaders of business, industry, labor, real estate, and tax experts, and headed by Charles F. Conlon, Executive Director of the Federation of Tax Administrators, stated in its report that the only way to relieve the property tax for the home owner was to give municipalities additional non-property tax sources.

As you all know, I appeared before the State Legislature in June of 1963 and requested the State Legislature for a Permissive Tax Statute granting the City Non-Property Tax Revenue powers. I said that if the authorization were granted, the revenue obtained would be used to substantially reduce the real estate tax and also to improve the services of the City of Chicago. This appeal was turned down by a group of partisan members of the Senate.

I stated bluntly that specific recommendations had been made for the increases in salaries of police and firemen and that revenues from non-property tax sources would be used for that purpose as well as to meet other needs of the people of Chicago.

I was joined in this plea by other municipalities which also were seeking to expand essential services without further burdening the small home owner with additional Real Estate Taxes.

In the last eleven years, three reports have been made on Chicago's taxes and revenues. All of them agreed with the recommendations made by James Cunningham, former President of the Civic Federation, who was Chairman of the Mayor's Commission on Revenues in 1952. That Committee recommended that "the City of Chicago be given reasonable though limited discretion in raising revenues from time to time from any appropriate sources, without the necessity of recurrent pleas to the Illinois General Assembly for Legislative Aid".

Our City has made great progress, but there can be no question that the greatest bottleneck to further progress for our City and for other municipalities in the State is the lack of sufficient home rule powers to meet their obligations to their citizens.

I am convinced that there is a growing realization by all responsible citizen groups that fair home rule powers must be granted to the municipalities of our State if we are to meet the needs of our citizens without overburdening the small home owner with increasing property taxes.

The Police and Fire Department increases are based on recommendations by Superintendent O. W. Wilson and Fire Commissioner Robert Quinn for additional compensation for uniformed personnel.

Supt. Wilson stated that if the Chicago Police Department is to reach its goal of becoming the finest in the nation, it was urgent that adequate compensation be provided in order to attract the best recruits and to establish a truly professional law enforcement agency.

The 1964 Budget provides for a 5% salary increase to the uniformed personnel of both departments, amounting to $5,068,582. The period for patrolmen to reach the top of their grade is also reduced by six months, permitting them to reach the maximum grade in 42 months instead of 48—the same as firefighters.

The Budget appropriates $94,500 for this purpose.

A 5% increase is provided for crossing guards by establishing another step which will increase the top grade from $2.26 an hour to $2.38. The budget appropriates $314,000 for an increase from $100 to $120 in clothing allowances for uniformed personnel of the Police and Fire Departments, and of $10 for Crossing Guards. The increases in salaries will enable Chicago to keep pace with other cities and suburbs which are paying higher compensation to their police forces.

All of us can be proud of the progress our Police Department is making under the leadership of Supt. O. W. Wilson. For all of 1963 to date, when compared to the same ten months in 1962, every category of serious crime has shown a significant decrease with the exception of larceny.

The Budget also provides for an additional 156 Police Department employees. These will be patrolmen and crossing guards.

In 1964 there will be an increased emphasis in every area of crime prevention. There will also be an increased emphasis on selective traffic enforcement against moving violations, which will help continue Chicago's outstanding record in reducing traffic fatalities.

The 1964 Budget allocates an increase of $2,137,345 for the Fire Department, bringing the total appropriation to $36,794,715. Of the increase, the Budget allocates $1,602,080 for the 5% salary increase.

Early next year the City will be able to announce that Chicago will be advanced to a Class Two Fire Insurance rating, which will make it one of eight cities having a population of over 500,000 with this high rank. This new classification will result in an annual saving of $1,250,000 to commercial, industrial and institutional buyers of fire insurance.

This new rating is being achieved by adopting the recommendations of the National Board of Fire Underwriters which includes a program of salvage operations which will not only protect industrial and commercial establishments, but will give added protection to all of our citizens.

In 1964 fire stations will be relocated for greater efficiency, and the building code improved to provide higher standards. These and other steps will serve to continue the reputation of the Chicago Fire Department as being one of the finest in the Nation.

With the exception of Police and Fire Departments and prevailing union wage scales, only one classification of City employees is granted a wage increase. The Budget allocates an appropriation of $61,000 to provide a 5% increase for Junior Clerks, raising their starting salary from $3,348 to $3,690. This will enable the city to recruit more qualified personnel for this position.

The Budget also provides increased appropriations for certain department heads whose salaries were not commensurate with their executive responsibilities. The increases are as follows: Pur-

chasing Agent from $22,500 to $26,500; Director of Human Relations from $18,000 to $22,500; the Commissioner of Streets and Sanitation from $22,500 to $26,500; Commissioner of Public Works from $25,000 to $26,500; and the Commissioner of Water and Sewers from $21,500 to $25,000.

Increases totaling more than $100,000 were allocated to six departments. However, these increases, and other smaller ones, were sharply offset by reduced expenditures. The total increase in the Corporate Budget is $6,771,171, and with the exception of $443,000, all of the increased appropriation in the 1964 Budget is allocated to the Police and Fire Departments.

Perhaps nothing has increased the pride of our citizens more than the cleanliness of our City. This program has been recognized nationally. Early in 1963, Chicago was given a National Award for being "The Cleanest Big City in the Nation". This continues a proud record achieved in 1959 and again in 1961. Much of the credit for this program belongs to the Department of Streets and Sanitation.

The 1964 appropriation for the Department of Streets and Santitation is $35,842,000 — an increase of $508,000. The major portion of this increase is to meet prevailing union wage scales for employees.

In 1964 a new schedule of collection will be formulated to pick up bulky material and discarded items which are not included in regular refuse collection service.

This year the southwest incinerator was completed and put into full incineration. Income derived from the sale of steam at the southwest incinerator is expected to return a net revenue in excess of $100,000 a year. The sale of salvaged tin cans at the Medill and Southwest plants is also expected to realize revenue of over $100,000 a year.

Approximately 400 to 500 relief recipients from the Department of Welfare have been assigned daily in the Bureau of Sanitation throughout the fifty wards. These men received tools and equipment for cleaning vacant lots of debris and weeds and for cleaning sidewalks and parkways. During the winter months when heavy snow has fallen, additional relief recipients will be assigned to remove snow from sidewalks, cross-walks and fire hydrants.

The other major increases are as follows: The Civil Service Commission is appropriated an increase of $129,000, which includes nine additional positions. There will be an increase in the number of supervised retraining programs. More examinations will be held; and there will be an increase in the number of departmental classification surveys.

The Commission on Youth Welfare is allocated an increase of $125,000, which will enable the Commission to add fifteen more staff members to broaden family youth services and consultation services in more neighborhoods.

The Building Department is given an additional appropriation of $204,000, which includes nine new employees, and will enable it to expand its activities in neighborhood and community improvement programs. In 1964 there will be a greater program of demolition of abandoned and dilapidated buildings, and all records will be processed for use on computer systems.

The health of every individual is protected by the Department of Air Pollution. The Budget appropriates $179,000 for the employment of fifteen specially trained personnel to fully implement the new Air Pollution Ordinance.

The Bureau of Forestry — which will receive $300,000 from an increase in the tax levy authorized by the State Legislature — was allocated an increase of $158,000. In 1964 the Department will trim and plant more trees and intensify its program against the Dutch elm disease.

For all the departments in the Corporate Fund there is a net increase of 119 employees. The Police Department has an increase of 156 employees, and the Fire Department 11 employees. However, these increases are offset by reductions in personnel in other departments.

Construction of the Civic Center, which will provide urgently needed courtrooms and other modern facilities, is under way. This new center, with the administrative advantages resulting from the passage of the Judicial Reform Bill, will give the citizens of Chicago and Cook County an unmatched judicial system.

It has always been presumed that there would be a special court which would attend primarily to the needs of the People of Chicago, and that the City would provide the personnel for the court with the exception of the Judicial personnel which, under law, must be paid by the State and County.

The cost of paying the salaries of the employees in the offices of the Chief Justice of the Municipal Court, which includes the psychiatric and social service divisions, plus the cost of the employees of the Clerk of the Municipal Court and the Office of the Bailiff, is approximately $10,000,000.

Under the law, the municipalities will continue to receive proceeds from fines for traffic violations and other violations of the Municipal Code which will offset these costs.

The 1964 Budget follows the procedure of former Budgets in appropriating for the City Courts — thus living up to its financial responsibility for supporting a special City division.

Undoubtedly there will be new questions concerning procedures and revenues, but these will be resolved during the coming year when the consolidation of the courts goes into effect.

The quality of City Services is now at the highest in Chicago's history. The high standard of service being rendered by the essential departments of Police, Fire, Health, Sanitation and Buildings, is one of the basic reasons why private industry is investing hundreds of millions of dollars in new construction in our City. The appropriations for these services represent 72% of the operating budget.

We sometimes take for granted the high standards of service that are being rendered by the City Government — but how many cities have ambulance service within two minutes of every citizen? The Health Department has given Chicago the greatest protection against communicable diseases of any City in the United States and has become a leader in establishing a model program for the control and prevention of chronic diseases. Next week a new neighborhood health center will be opened which will bring directly to the people of the neighborhood a variety of health services. This will be the first of a number of such centers to be established in communities throughout Chicago.

In 1964 every citizen of Chicago, as well as fifty-nine suburbs, will drink pure, filtered water provided by the largest filtration plant in the world. Heretofore only our South Side residents and adjacent communities had this benefit.

The City of Chicago has been cited for its leadership by the Senate Committee of the United States

Department of Health, Education and Welfare in our program of Air Pollution Control.

As you know, Chicago has the busiest airport in the world, and 15,000,000 passengers will use the new terminals this year. We have just completed a new, modern international facility — and O'Hare Airport was built without cost to the taxpayer.

There is every indication that Midway Airport will be once again used by commercial airlines in the near future.

Chicago is a great inland port and the Port of Chicago handles more overseas import and export tonnage than all of the other nine lake ports combined. This year, our port at Navy Pier will break all records for increased tonnage — and this will contribute directly to greater employment and higher economic activity.

We now have one of the most modern expressways system in the world, and we can look forward to the opening of the Southwest Expressway in 1964.

The Building Department has stringently enforced building and housing codes and the number of dilapidated buildings in Chicago is being steadily reduced. We are confident that by the end of this decade there will no longer be any slum or blighted dwellings in Chicago.

In 1963 the Committee for Economic and Cultural Development, headed by David Kennedy, initiated new programs for retaining and expanding indutry in our City.

Recently, as a result of the Committee's efforts, the Seeburg Corporation — which had given much consideration to moving to a suburb — announced that it would not only continue its employment of 2,000 workers, but would launch a $5,000,000 expansion program. The Committee is working with other industries to obtain a greater share of defense contracts and in the coming year will launch many other programs to provide more jobs for the people of Chicago.

Industry wants to stay in Chicago and new industry can be attracted because of the high standards of service that the City provides in every area of government. There is every indication that more and more people are leaving the suburbs to live in the City because they can enjoy greater benefits at lower tax rates.

The Tax Levy for the Corporate Fund in 1963 was $106,073,000. The proposed 1964 Tax Levy for the Corporate Fund is $110,194,000 —an increase of $4,121,000. This would cause an estimated increase of three to four cents per $100, depending upon the increase in valuation.

In addition, the City has authorized two and a half million dollars for the Civic Center.

I have today introduced ordinances which propose increases in permit and inspection fees for services provided by the Department of Buildings and the Department of Air Pollution Control.

Further, the Department of Air Pollution Control is providing new services for which fees were never established.

The proposed fees, if adopted, will more closely approach the actual cost to the City of providing the services and personnel and will also result in placing the cost on the persons directly benefitting from such services.

Should the Council adopt the ordinances, the increase derived would reduce the Corporate Tax Levy by approximately $1,000,000.

These tax bills will be payable in 1965. It must be understood that these are taxes levied for the City of Chicago Government alone — and do not include any of the tax levies authorized by the other five taxing bodies: the Board of Education, the County Board, the Sanitary District, the Forest Preserve, and the Park District.

It is indeed unfortunate that the State Senate denied the City alternative sources of revenue which would have made a property tax increase unnecessary. However, I believe that the property owners appreciate the contributions that the Police and Fire Departments make toward protecting the value of their homes and in maintaining the attractiveness of all of our neighborhoods.

Municipalities everywhere are faced with the problem of supplying essential services to their citizens with the only alternative of increasing property taxes. As a result, in 1964 and 1965 real estate taxes plus charges for water and scavenger services will be as high — and in many instances higher in most of the suburbs and cities than in Chicago.

In reviewing our entire tax situation in Chicago we can be proud of Chicago's financial standing.

According to information issued by Dun & Bradstreet as of April 1963, the City of Chicago had the second lowest per capita debt of all cities of over 500,000 population.

If we combine all the taxing bodies within the City, the overall per capita debt of Chicago is $168.51, and the average for all City Governments with populations of over 500,000 is $286.12.

According to Dun & Bradstreet the average per capita debt for all City Governments alone is $143.45 — or 2.9% of estimated full property valuation, while the average per capita debt for the City of Chicago is $73.43 — or only 1% of the estimated full property valuation.

Despite this excellent overall position, there is one legislative program which must have full priority over all others in this State — and that is to amend our archaic Revenue Article. This will permit the classification of property and will make for an equitable tax system.

Capital Improvements — indispensible to the City's growth and development and in stimulating large-scale private investments — are a continuing concern of city planners and the closing year witnessed many notable accomplishments in the construction of projects which not long ago were only drawing board concepts.

As a matter of fact, one of the most remarked aspects of the greatly changing present day city is the rapidity with which facilities serving the general public — many of them long delayed — have been made functioning realities.

During the year, the Ashland-39th Street throughland overpass was completed — ending the long standing inconveniences of a particularly obpectionable bottleneck. A few weeks ago, we opened the New Dearborn Street Bridge — another vital improvement which had been subject to setbacks by unusual engineering problems.

Other completed capital improvements included rehabilitation of the Clark Street approaches to Roosevelt Road, construction of 4.3 miles of new sewers, adding to more than 120 miles of such underground construction since 1947, benefitting 1,370,000 persons, completion of the southwest pumping station, and reconstruction of police headquarters. Many lesser projects were constructed by the Department of Public Works.

Proposed programs for 1964 will maintain the

pace of building, rehabilitating, re-routing, and strengthening of public works installations.

A gigantic step forward will have been taken with the substantial completion of the great new central district filtration plant, providing filtered water in unlimited quantities to north side residents and adjacent suburbs. The work of increasing the capacity of the south district filtration plant by fifty percent will be nearly finished during 1964.

Work will be started on bridges at 18th Street, Cicero Avenue, Indiana Avenue over the Little Calumet River, and major repairs will be made to existing bridges at Polk Street, North Halsted Street, South Western Avenue, North Clark Street, South Loomis Street, and West Washington Street. At the same time, routine maintenance of all the city's sixty-four movable bridges will be carried on, as will the maintenance and repair of 307 city-owned buildings.

Five contracts for an additional 4.2 miles of sewers will be completed, and two new multi-company fire stations at 12701 S. Doty Avenue and at 2530 S. Throop Street will be built.

Of importance to the traveling public — and to the rounding out of the City's impressive expressway picture — will be the awarding of contracts for construction of the Southwest Expressway. The Southwest Interchange and the Franklin Street connection to Twenty-Second Street will be completed by late fall.

Further beautification of the City will be accomplished in the planting of 20,000 new trees by the Forestry and Parkways Department which maintains 455 acres of landscaped areas. More than 150,000 trees will be sprayed for the control and prevention of Dutch elm disease.

This program of capital improvements has called for large capital expenditures but has resulted in the accumulation of physical assets which in a private business financial report would be proudly labeled as evidence of dynamic expansion.

These improvements — which make our city one of the most modern in the world—have benefited directly all of our citizens.

No more dramatic contrasts between the Chicago of Yesterday and the City of Today — and of the Future — are to be seen than those presented by our vast urban renewal-community improvement program.

We are seeing a city re-made in a transition that is spectacular in every dimension. New neighborhoods are being created within neighborhoods — and new cities being created within the city itself.

In the best tradition of the famed Chicago spirit of "I Will" and in faithful adherence to Daniel Burnham's stern injunction to "make no little plans", the combination of public-private constructive forces are moving forward toward the goal of a stronger, more beautiful, more serviceable city for all.

At present, there are twenty-four conservation and redevelopment projects in the planning stage, and twenty-four in the execution state. Five projects have been completed, including the tremendous Lake Meadows Development, finished in August.

With the emphasis upon the sale of land to redevelopers for construction purposes, ninety reclaimed acres were conveyed to builders this year. Notable construction accomplishments during the year were: Completion of the first stage of the Carl Sandburg Center; initiation of construction of the great new University of Illinois Campus; completion of industrial redevelopment on eight sites.

No section of the city is without significant activity in community improvement, and 1964 will see further expansion, further progress in this imaginative program. The details of planned procedures for the year are given in the urban renewal section attached to this message.

In appraising all that is being done, and contemplating all that is to be done in this field of civic betterment, it is important to remember that the success of the program belongs to the many, and not the few. In the truest sense of the word, this is a community effort.

The symbol for rebuilding our neighborhoods is not the bulldozer, but the carpenter.

We are as deeply concerned with renewing homes and apartments that are basically good, as we are in eliminating structures which are beyond repair.

Our main theme is building and rebuilding, not tearing down, construction, not destruction. Every neighborhood has within it resources, material and spiritual, which combined with city services and community institutions can make a better neighborhood for every family.

This is the underlying purpose of all our city programs, to provide citizens with services and facilities which will give them the greatest opportunity for economic advancement, educational benefits, cultural and recreational enjoyment, and decent, dignified living.

This is what all of us desire. This is what we want all of our citizens to share, regardless of their race, creed or color.

We are living through new kinds of tensions, the results of old injustices, contemporary inequalities, and the tendency of some people to see each other as groups of people, not as individuals. The sad irony is that racial antagonisms exist among men and women who aspire to the same things.

The "melting-pot" philosophy of Chicago is to judge a man for what he is worth, not for his ancestry, not from the standpoint of his religious beliefs, not for any consideration of his color. At the same time we have a deep respect for the personal national heritage all of us carry with us.

We will meet the challenges that lie ahead of us in 1964 in every area of endeavor because the people of Chicago have the spirit of re-building, the desire to be constructive. The progress that has been made in the past year has been the result of teamwork and effort on the part of department heads and city employees working together to improve service to the public.

The hard work, the vision, and the dedication of the members of the City Council must be credited for a great share of the gains made in the improvement of city government.

To all who have participated in this teamwork, I want to express my heartfelt thanks and appreciation.

Today's message is a summary of the highlights of the 1964 Budget. I look forward to your recommendations, your suggestions and criticisms to the end that when the Budget is adopted it will truly serve the citizens of Chicago.

His genius touched such far-away places as Columbia, Venezuela and Bombay where stand outstanding buildings designed by him. He was made a Chevalier of the French Legion of Honor for his

interest in French art and architecture. He was awarded the gold medal of the New York Architectural League, and in 1958 was awarded the highest honor of his profession: the gold medal of the American Institute of Architects.

In addition to his architectural activities Mr. Root was a leader in many civic and art activities. 8. (a) The City hereby agrees that immediately upon assignment of this lease agreement by the Government to the Tenant, the City will give the Tenant the exclusive possession of the hereinbefore described premises, subject to all the terms, provisions, covenants and requirements of this lease agreement, for the purpose of permitting said Tenant to construct a post office and incidental facilities related thereto, and do all acts necessary and incidental to accomplish said construction, subject to all terms, provisions, covenants and requirements of this lease agreement. Provided, however, that all construction shall be conducted and performed in manner and form adequate to insure the safety of the Airport. The Government and its Tenant shall conduct their operations in a manner not to jeopardize the safety of said Airport and the operation of the said Airport. And in order to effectively effectuate the provisions of this paragraph it is mutually understood and agreed that if any act or omission to act as required under this lease agreement causes or will cause a condition or conditions jeopardizing the safety of said Airport, then upon notification of said condition in writing by the Commissioner of Aviation to Government or its assignee and Tenant hereunder, same shall immediately cease, or steps shall be immediately taken, to correct said condition or conditions. The construction of the proposed postal facility shall at all times be subject to all applicable laws, ordinances, rules and regulations of the Federal Government, State of Illinois, City of Chicago and other municipal bodies and the Department or agencies thereof.

(b) Tenant and/or Government shall have the right to connect, at its own expense, and subject to payment of all user charges therefor, to public utilities located on the Airport property.

Furthermore, by the assignment hereof, Tenant accepts and assumes all the burdens, duties and obligations, together with all terms, conditions and covenants contained in this lease agreement.

Tenant shall direct the above specified notice to the Commissioner of Aviation setting forth additionally, in said notice, the name and business address of Tenant. Any expense caused to City through failure of Tenant to comply with the provisions of this paragraph 10 shall be borne by Tenant.

11. It is mutually agreed that Tenant shall take possession of the demised premises and shall commence construction of an Air Mail or Postal facility and incidental facilities related thereto upon the demised premises within One Hundred Twenty (120) days after the date this lease agreement is assigned to the Tenant. Nothing contained in this paragraph, however, shall be construed to be a covenant requiring the Tenant to commence such construction, and in the event that it is not commenced in the time set forth above this lease agreement shall terminate forthwith and be of no further force or effect, unless such period of time to commence such construction is extended, in writing, by the City through its Commissioner of Public Works, or unless failure to do so is without fault on the part of the Tenant.

12. By the acceptance of the assignment of this lease agreement, the Tenant agrees to pay, in addition to the rents provided herein, all applicable Municipal, County, and State and Federal taxes or assessments of every kind and character, if any, general or special water and sewer rents, rates or charges, electric, and gas charges, and all license and inspection fees or charges that may be levied or assessed against the leasehold or the buildings or improvements thereon from and during the term of this lease agreement, or any extensions and renewals thereof.

13. The Government, for the period prior to the time it assigns this lease to the Tenant, hereby agrees to save harmless and indemnify the City from all claims, loss, damage, actions, causes of action, expense, costs or liability resulting from the use of said property by the Government whenever such claims, loss, damage, actions, causes of action, expenses, costs or liabilities resulting from the negligent or wrongful act or omission by an employee while acting in the scope of his employment under circumstances where the Government if a private person, would be liable in accordance with the law of the place where the negligent or wrongful act or omission occurred.

14. (a) By the acceptance of the assignment of this lease agreement, Tenant covenants and agrees to indemnify, keep and save harmless, the City, its agents, officials and employees, and representatives against all suits or claims that may be based on any injury to persons or property that may occur, or that may be alleged to have occurred in connection with the performance, in any respect, of this lease agreement whether or not it shall be claimed that the injury was caused through a negligent act or omission of the Tenant, his contractors or subcontractors, or his or their agents, servants or employees. This provision shall remain in effect during the period of construction of the post office facilities, and during the term and existence of this lease agreement.

(b) The Tenant, at the expense of Tenant, agrees to carry and keep in effect insurance of amounts and types as hereinafter set forth.

(1) Public liability insurance in amounts of not less than $500,000.00 for injuries, including accidental death to any one person and subject to the same limit for each person, in an amount not less than $1,000,000.00 on account of any one accident, and property damage insurance in an amount not less than $100,000.00 for damage to property of any one claimant with aggregate limit of not less than $250,000.00 for any one accident. Tenant shall submit plans for such replacement or rebuilding to the Commissioner of Aviation and the Commissioner of Public Works for approval prior to the commencement of any construction. This Agreement made and entered into this _____ day of _____, 1963, by and between the City of Chicago, a municipal corporation organized under the laws of the State of Illinois, hereinafter referred to as "City", and the Chicago Transit Authority, a municipal corporation, hereinafter referred to as "Authority".

Witnesseth:

Whereas, the City Council of City passed an ordinance on April 23, 1945 (C.J. pages 3369-3414), authorizing and granting to Authority the exclusive right to acquire, construct, reconstruct, maintain and operate facilities for local transportation within City, which ordinance included provision for City, if and when it so elected, to construct an extension of Route No. 2 of the Initial System of Subways in the Median of the West Route Superhighway and to be reimbursed by Authority for the cost of transportation equipment furnished and intalled by City in such an extension; and

Whereas, the City Council of City passed an ordinance on December 30, 1946 (C.J. pages 6817-6819), providing for the construction of the West Side Extension of the Initial System of Subways, to be known as the "West Side Subway", which ordinance was subsequently amended on October 15, 1948 (C.J. pages 3056-3057), December 1, 1950 (C.J. pages 7209-7210), May 11, 1954 (C.J. pages 7499-7504), and July 26, 1955 (C.J. pages 896-897), relocating the termini and revising track alignment connections to existing Rapid Transit facilities and certain station sites; and

Whereas, City and Authority entered into an agreement dated May 11, 1951, which was authorized by the City Council on December 1, 1950 (C.J. page 7183), which confirmed the obligations of each, as set forth in the ordinance passed by the City Council on April 23, 1945, with respect to the West Side Subway Extension; and

Whereas, the City Council of City passed an

ordinance on July 11, 1957 (C.J. pages 5818-5819) further amending the ordinance passed by the City Council on December 30, 1946 to provide for the elimination of the proposed connection to the Laramie Avenue Yard and the substitution of a new terminal yard situated west of Desplaines Avenue in the Village of Forest Park; and

Whereas, the City of Chicago would have been required to construct an incline connection if the terminal yard had been located at Laramie Avenue instead of at Desplaines Avenue in Forest Park; and

Whereas, the City of Chicago would have been required to pay for the cost of the fixed transportation equipment, to be installed at the Laramie Avenue Yard, subject to reimbursement by Authority to City over the useful life of said equipment, as provided by the ordinance passed by the City Council on April 23, 1945; and

Whereas, said Desplaines Avenue Terminal Yard was constructed and placed in operation by Authority and it is now desired that an agreement between said parties be entered into determining the amount that City will pay to Authority to be applied to the cost of the Desplaines Avenue Terminal Yard built in lieu of the Laramie Avenue Yard;

Now, Therefore, in consideration of the premises and the mutual undertakings of the parties to this Agreement and the mutual covenants herein contained, the parties hereto mutually covenant and agree as follows:

1. That the sum of $528,000.00 is determined to be the estimated cost of the incline connection which City would have been required to provide if the terminal yard had been located at Laramie Avenue.

2. That the sum of $1,016,866.69 is the cost of the fixed transportation equipment installed by Authority in the terminal yard at Desplaines Avenue in Forest Park in lieu of similar equipment estimated to cost $1,602,850.00 which would have been required at Laramie Avenue and which the City would have been required to pay for, subject to reimbursement by Authority.

3. That City shall pay to Authority the amount of $1,544,866.69 to be applied to the cost of the Desplaines Avenue Terminal Yard, which amount shall cover the estimated cost of the incline connection which the City would have been required to provide if the yard had been located at Laramie Avenue and the cost of the fixed transportation equipment installed at the Desplaines Avenue Yard.

4. That $1,016,866.69 of the above amount to be paid to Authority by City shall be, and is now, included in the total amount to be reimbursed to City by Authority in monthly payments over the useful life of the fixed transportation equipment, for the cost of said equipment, as provided in the ordinance passed by the City Council on April 23, 1945, and which payments are now being made by Authority to City.

In Testimony Whereof, the parties hereto have executed this agreement, the day and year first above written.

Resolution Adopted on Death of Late President John F. Kennedy.

(Presented and read by Mayor Richard J. Daley for himself and other members of the City Council).

WHEREAS, The blazing courage and the great vitality of youthful leadership were taken from us in one tragic moment by the assassination of John F. Kennedy, the thirty-fifth President of the United States; and

WHEREAS, He personified the American dream, being a descendant of Irish immigrants who came to our shores in the early 1850s; and

WHEREAS, His wisdom and understanding were vividly portrayed in his writings, including the Pulitzer prize-winning "Profiles in Courage"; and

WHEREAS, His courage, loyalty to his comrades and devotion to duty displayed in battle as commander of a P-T boat, were given grateful recognition by his country in the award of the Purple Heart and the Navy and Marine Medals for "extremely heroic conduct"; and

WHEREAS, His desire to participate in the political and civic life of his country stemmed from his two grandfathers—one a political leader and the other who was a member of Congress and twice Mayor of Boston—and from his father, Joseph P. Kennedy, who served under President Franklin D. Roosevelt as the first Chairman of the Securities and Exchange Commission and was Ambassador to Great Britain; and

WHEREAS, His experience as a world traveler; as a Naval Lieutenant tried in battle; as a Congressman who served his District for six years; and as a United States Senator, made him a qualified and fitting choice to become the youngest elected President in our nation's history; and

WHEREAS, He never forgot that he and his generation were "the heirs of the First Revolution," and his life was dedicated to the cause of Freedom and Democracy; and

WHEREAS, His political philosophy, symbolized in the concept of the New Frontier, mirrored the hopes and dreams of the people of his nation and the world; and

WHEREAS, No man so fully understood that the challenge of Peace in a nuclear world was a challenge to the life and meaning of all humanity; and

WHEREAS, In the name of freedom and human dignity he met the test of supreme crisis with skill and courage, and forced the withdrawal of Soviet missiles from nearby shores; and

WHEREAS, His name was synonymous with the causes of Peace, Democracy and Human Welfare among all the peoples of the world; and

WHEREAS, Although he himself never lacked material comforts, he had deep sympathy and understanding for the needs of the old and the young . . . the unfortunate and the unskilled; and

WHEREAS, He understood the hopes and desires of our people as underlined in his domestic programs, including aid to Senior Citizens; Social Security; Unemployment Compensation; Aid to Education; Full Employment; Medical Insurance for the Aged; Elimination of Slums and Blight; and support to Science and Health Research; and

WHEREAS, He was concerned not only with the economic and physical needs of our country, but was also dedicated to the cultural advancement of the Nation; and

WHEREAS, The brotherhood and dignity of mankind was to him a constant ideal, impelling him to every sacrifice to serve Justice and achieve true Civil Rights for all men; and

WHEREAS, Above all, he was intensely human . . . endowed with a magnetic personality and a spirit of gallantry . . . great charm . . humor . . . and a deep sense of recognition of the worthiness of all men—both the exalted and the humble; and

WHEREAS, He was a devoted husband and father, holding his lovely wife and two children as his most cherished possessions, and he was at all times a dutiful son and loving brother; and

WHEREAS, His firm faith in the Creator of us all was the motivating force of his life; and

WHEREAS, He lived and died in accordance with his own words—"and so, my Fellow Americans: ask not what your country will do for you—ask what you can do for your country."

Now, Therefore, Be It Resolved by the Members of the City Council of the City of Chicago, in Special Meeting assembled this 23rd day of November, A.D. 1963, shocked and saddened by our President's death, and mindful of the great affection and respect held for him by the people of our City, Do Hereby make public acknowledgment of the universal sorrow felt by all at this hour, express our most sincere sympathies to Mrs. Jacqueline Kennedy and the President's bereaved family, and direct that the City Hall be closed on Monday, November 25th, and urge that the Flag be flown at half-mast on all buildings, public and private, and that the day be one of prayer and general mourning.

EULOGIES AND PRAYERS BY RABBI LOUIS BINSTOCK AND DR. J. H. JACKSON.

Following adoption of the memorial resolution Rabbi Louis Binstock of Temple Sholem addressed the Council and assembled guests to give public expression to the shame and sorrow which filled the hearts of all Americans at the senseless cruelty by which our late President's life had been taken, not only from his devoted family, but from a country which was in need of a strong and compassionate leader, such as Mr. Kennedy had given for the past three years. He prayed that the national calamity would ultimately arouse in each individual of our country the personal dedication to the ideals which Mr. Kennedy had exemplified.

Thereupon Dr. J. H. Jackson rose to address the assembly, also expressing his profund shock that such a horrible crime could be committed in America against a leader who had through his term in office

constantly addressed himself to the task of promoting the welfare of all the people of the country, regardless of race, creed or color. He too prayed for strength not only for the members of the Kennedy family but for the country in its hour of trial.

It Is Hereby Certified, Recited and Delared that all conditions, acts and things required to exist, happen and be performed precedent to and in the issuance of this Note, do exist, have happened and have been performed in due time, form and manner as required by law: Provided, That this Note shall not be valid until the Paying Agent shall have executed the agreement, appearing below, to act as such Paying Agent.

WHEREAS, the Chicago Land Clearance Commission entered into a contract dated as of the 18th day of September, 1961, and numbered Contract No. Ill. R16(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $6,488,716 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. WHEREAS, the City is able obtain a short-term loan from sources other than the Government in the amount of $2,646,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

WHEREAS, pursuant to said determination, the City on the 29th day of November, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $2,646,000, the Execution of Requisition Agreement No. 2, and the Execution and Delivery of Project Temporary Loan Note No. 2, in Connection with Project No. Ill. R-6" authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Second Series M), herein called the "New Preliminary Loan Notes"; and

WHEREAS, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

WHEREAS, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 2 (herein called the "New Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Requisition Agreement, and has accepted deposit of said New Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth, That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Two Million Seven Hundred Thirty Six Thousand Five Hundred Ninety-Eight and 93/100 Dollars ($2,736,598.93) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the tenth day of December, 1964, (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes No. 1-76, inclusive, Second Series M, $2,699,188.28; said Paying Agent being the First National City Bank of New York, 55 Wall Street, New York 15, N. Y. *Provided,* That the Government, at its option, may make the Requisition Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property.

When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of One Million One Hundred Twenty-One Thousand One Hundred Two and 83/100 ($1,121,102.83) Dollars for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if

the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. Under the terms of said Ordinances the proceeds of said loan are irrevocably pledged first to such payments; and under the terms of said Requisition Agreement, the full faith and credit of the United States of America is pledged to the payment of the principal of and interest on this Note as evidenced by said Payment Agreement.

This Note shall not constitute an indebtedness of the City of Chicago within the meaning of any Constitutional, Statutory or Charter Debt Limitation and is not a general obligation of the City of Chicago, and, in no event, shall either this Note or the interest thereon be payable from or out of funds other than those provided by the United States of America to the Local Public Agency pursuant to said Requisition Agreement or by the United States of America pursuant to said Payment Agreement.

It Is Hereby Certified, Recited and Declared that all conditions, acts and things required to exist, happen and be performed precedent to and in the issuance of this Note, do exist, have happened and have been performed in due time, form and manner as required by law: Provided, That this Note shall not be valid until the Paying Agent shall have executed the agreement, appearing below, to act as such Paying Agent.

Now, Therefore, This Agreement Witnesseth, That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Two Million Fifty-Eight Thousand Five Hundred Ninety-Nine and 16/100 Dollars ($2,058,599.16) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisition Payment will be made on the tenth day of December, 1964, (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used

to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

Provided, That the Government, at its option, may make the Requisition Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner or take any other action, that might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. LOAN AND CAPITAL GRANT CONTRACT

Part I

This Agreement, consisting of this Part I and the Terms and Conditions (URA Form No. H-3155b, dated 2-15, 1960, as amended and modified hereby) forming Part II hereof (which Parts, together, are herein called the "Contract"), made and entered into on the date hereinbelow specified, by and between City of Chicago (herein called the "Local Public Agency") and the United States of America (herein called the "Government"), Witnesseth:

In consideration of the mutual covenants, promises, and representations contained herein, the parties hereto do agree as follows:

Sec. 1. *Purpose of Contract.—The Local Public* Agency proposes to carry out a certain urban renewal project (herein called the "Project") in a certain area (herein called the "Urban Renewal Area"), in accordance with the Urban Renewal Plan therefor. The purpose of this Contract is to provide for the extension by the Government to the Local Public Agency of certain Federal financial assistance under Title I of the Housing Act of 1949, as amended by all amendatory Acts (said Title I as so amended being herein sometimes called "Title I"), with respect to the Project, and to state the terms and conditions upon which such assistance will be extended and the understandings of the parties hereto as to the manner in which they contemplate that the Project will be carried out.

Sec. 2. *Project Temporary Loan and Project Definitive Loans.*—The Government will make to the Local Public Agency a temporary loan (herein called the "Project Temporary Loan") and, in case any Project Land is leased by the Local Public Agency to others in conformity herewith, one or more definitive loans (each such loan being herein called a "Project Definitive Loan"), with respect to the Project, for the purposes, under, and as contemplated by Section 102(a) of Title I. The Project Temporary Loan together with the Project Definitive Loans shall be in an aggregate amount which, together with such other funds, if any, as are supplied for the purpose (not including any loans by the Local Public Agency to the Project), shall be sufficient, but not in excess of that necessary, to enable the Local Public Agency to undertake, carry out, and finance the Project: *Provided, however,* That in no event shall the Project Temporary Loan, the aggregate of the Project Definitive Loans, or the aggregate of the Project Temporary Loan and Project Definitive Loans, outstanding at any one time, exceed Two Million Three Hundred Forty-two Thousand Four Hundred Forty-six Dollars ($2,342,446.00).

Sec. 3. *Project Temporary Loan Interest Rates.* —The Project Temporary Loan shall bear interest at the rate or rates (herein called the "Project Temporary Loan Interest Rate") as herein provided. Each payment made by the Government on account of the Project Temporary Loan during the period from the date of this Contract to January 1, 1969 (herein called the "Initial Loan Period"), shall bear interest during the Initial Loan Period on the unrepaid principal amount thereof at the rate of Four per centum (4.0%) per annum. From and after the expiration of the Initial Loan Period, each payment on account of the Project Temporary Loan, whether made to the Local Public Agency by the Government before or subsequent to the expiration of the Initial Loan Period, shall bear interest on the unrepaid principal amount thereof to the date of repayment at the rate per annum which shall be furnished to the Local Public Agency by the Government on or about the date of the expiration of the Initial Loan Period, and which interest rate shall be the higher of (a) Four per centum (4.0%) per annum, or (b) the rate (not to exceed, in any event, six per centum (6%) per annum) which shall be equal to the average yield to maturity on all outstanding marketable obligations of

the United States having a maturity of approximately 5 years from the first day of May or November, as the case may be, next preceding the expiration of the Initial Loan Period, as determined by the Administrator, upon the advice of the Secretary of the Treasury, by estimating such average yield on the basis of daily closing market bid quotations or prices during the month of May or November, as the case may be, next preceding the expiration of the Initial Loan Period and by adjusting such estimated average yield to the nearest one-eighth of one per centum (⅛%).

Sec. 4. *Project Definitive Loan Interest Rate.*—Each Project Definitive Loan shall bear interest at a rate (herein called the "Project Definitive Loan Interest Rate") which shall be the highest of:

(a) The going Federal rate specified by the Secretary of the Treasury as being applicable to the 6-month period in which the Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(b) The rate of interest for Project Temporary Loans as determined by the Administrator as being applicable to the 6-month period in which any such Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(c) The maximum rate of interest which the Local Public Agency will be able to pay from the proceeds of the annual rents under the specific lease of Project Land to which such Project Definitive Loan is related, which maximum rate shall be based on the assumption that such Project Definitive Loan (i) is in a principal amount equal to the capital value imputed to the Project Land described in such lease, and (ii) is payable, as to both principal and interest, in substantially equal annual amounts in accord with the principles of level debt service over a period of 40 years from the date of such specific lease, and which rate shall be adjusted downward by at least one-eighth of one per centum (⅛%) and not more than one-fourth of one per centum (¼%) to a multiple of one-eighth of one per centum (⅛%).

Sec. 5. *Project Temporary Loan Obligations.*—The principal of and interest on the obligations evidencing the Project Temporary Loan (herein called "Project Temporary Loan Obligations") which are issued by the Local Public Agency for the Project Temporary Loan shall be payable from and shall be secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Temporary Loan Repayment Fund. Subject to the foregoing provisions of this Section, the Project Temporary Loan Obligations shall be in such form and denominations, of such description, payable as to principal and interest at such time or times and at such place or places, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency.

Sec. 6. *Project Definitive Loan Obligations.*—The obligations evidencing each respective Project Definitive Loan (herein called "Project Definitive Loan Obligations") shall be a separate Series for each Project Definitive Loan which is made. The principal of and interest on all such Series of the Project Definitive Loan Obligations (and the premiums payable thereon in case any of the Project Definitive Loan Obligations are callable, at a premium, prior to maturity and are so called) shall be payable primarily from and equally and ratably secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Definitive Loans Repayment Fund, after provision therein to the extent necessary, but only from the lease proceeds therein (such provision to be satisfactory to the Government), for the reasonable and proper costs to the Local Public Agency of its maintenance, management, and administration of its interest in the Project Land from which such lease proceeds are derived. Subject to the foregoing provisions of this Section, the Project Definitive Loan Obligations of each such Series shall be in such form and denominations, of such description, payable as to principal and interest (together with the aforesaid premiums) at such time or times and at such place or places, additionally secured (as to payment of principal, interest, and premiums) in such manner, have such mandatory and optional provisions for their redemption, at a premium, prior to their maturity, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency: *Provided,* That the period within which the Project Definitive Loan Obligations of any Series shall be payable shall not exceed 40 years from the date of the Project Definitive Loan Obligations of that Series: *Provided further,* That the term, "Project Definitive Loan Obligations", as used in this Contract, may include "Interim Certificates" which may be issued by the Local Public Agency pending its preparation, issuance, and delivery of the definitive bonds or other securities covering a Project Definitive Loan.

Sec. 7. *Project Capital Grant.*—The Government will also make to the Local Public Agency a capital grant for the Project (herein called the "Project Capital Grant") in an amount equal to the least of the following:

(a) The amount by which three-fourths of the Net Project Cost of this Project, together with the total of (i) three-fourths of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a three-fourths capital grant basis and (ii) two-thirds of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a two-thirds capital grant basis, exceeds the aggregate of the capital grants which, prior to the payment of the Project Capital Grant herein provided for, have been paid, or finally determined by the Administrator to be payable, with respect to such other projects; or

(b) The amount by which the Net Project Cost of this Project exceeds the total of the Local Grants-in-Aid which are actually provided with respect to this Project (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such condi-

tions as the Administrator shall prescribe); or

(c) The amount by which the aggregate of the Net Project Cost of this Project and of all other projects on which contracts for capital grants have been made with the Local Public Agency (or with any other local public agency in the same municipality) exceeds the aggregate of the Local Grants-in-Aid which have been provided (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe) with respect to such projects; or

(d) One Million Nine Hundred Eighty Thousand Nine Hundred Ninety-six Dollars ($1,980,-996.00).

(c) The estimate of the aggregate cost of such relocation payments which, although not included in Gross Project Cost, has been set forth in the budget for Item I of Gross Project Cost shall be deemed a part of the "Project Expenditures Budget" referred to in Section 105(C)(1) hereof, and the Local Public Agency shall be subject to all the provisions and requirements of Section 105(C) hereof with respect to such estimate as though it were included in the budget for Item I of Gross Project Cost.

ARTICLE II

The Tenant shall not assign or transfer this agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein, without prior approval of Landlord. Tenant further agrees that it shall not enter into any agreement of any nature, formal or informal, concerning other business activities at Merrill C. Meigs Field, Chicago Midway Airport and Chicago-O'Hare International Airport, with any individual, partnership or corporation without prior approval of Landlord, it being understood that the only activity that Tenant may conduct directly or indirectly, alone or through others, on, upon or from said Airports and properties located thereon, be they demised to others or under the control of Landlord, is as authorized under the terms of this agreement.

In the event of the issuance of this right or privilege to more than one individual or other legal entity (or to any combination thereof), then and in that event, each and every obligation or undertaking hereinstated to be fulfilled or performed by the Tenant shall be the joint and several obligation of each such individual or other legal entity.

If Tenant is a corporation and if the control thereof changes at any time during the term hereof, then Landlord may, at its option, declare such change a breach of this agreement.

It is mutually understood and agreed that nothing contained in this agreement is intended, or shall be construed, as in any wise creating or establishing the relationship of copartners or joint venturers between the parties hereto or as constituting the Tenant as the agent or representative of the Landlord for any purpose or in any manner whatsoever.

ARTICLE III

Tenant has examined the premises prior to, and as a condition precedent to, the execution hereof and is satisfied with the physical condition of said premises, and its taking possession thereof will be conclusive evidence of its receipt of said premises in a safe, sanitary and sightly condition and in good repair.

ARTICLE IV

Tenant shall not attach, affix, or permit to be attached or affixed, upon the premises, or if so attached or affixed, relocate, replace, alter or modify, without the consent in writing in each instance of the Commissioner of Aviation (hereinafter called "Commissioner") first had and obtained, any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures. In connection therewith Commissioner may require submission of proposed designs, floor plans, construction plans, specifications and contract documents therefor and if then approved may incorporate all or part thereof within this agreement as attachments thereto.

ARTICLE V

Tenant, at its own expense, shall keep the premises in a safe, sanitary and sightly condition and in good repair and shall yield the same back to Landlord upon the termination of this agreement in such condition and repair, ordinary wear and tear excepted, and if said premises shall not be so

kept by Tenant, Landlord may enter the premises (without such entering causing or constituting a termination of the privilege or an interference with the possession of said premises by Tenant) and do all things necessary to restore said premises to the condition herein required, charging the cost and expense thereof to Tenant and Tenant agrees to pay Landlord, in addition to the rent and charges hereby reserved, all such costs and expenses.

ARTICLE VI

Tenant covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of the use thereof by Tenant.

In addition to the rent and charges hereinafter outlined, Tenant shall pay all fees, charges, license fees and taxes of whatever nature, if necessary, as required by law or ordinance of the City of Chicago.

The Tenant shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Landlord, Tenant, or any of their agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

ARTICLE VII

Tenant, at the expense of Tenant, shall keep in force, during the term of this agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by the Comptroller of the City of Chicago (hereinafter called the "Comptroller") for the protection of Landlord and/or Tenant. Upon approval by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto to the Comptroller. In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of Article VI of this agreement.

ARTICLE VIII

In the event the premises or the buildings of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuilt by Landlord at its expenses as soon as funds are available but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other property installed by Tenant pursuant to this agreement.

Provided, however, that Landlord may elect at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

In the event of any damage or destruction by fire or other casualty to the premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other property, installed by it pursuant to this agreement.

ARTICLE IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and shall be further subject to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and the further provisions, including the right of cancellation of Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent as entered into between the City and the scheduled Airlines governing use and operation of Chicago-O'Hare International Airport.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Airport who shall be objectionable to the Commissioner and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Commissioner.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from said Airport.

ARTICLE X

Tenant agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin. Attention is called to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1961, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1961, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. ARTICLE XI

If Tenant shall vacate or abandon the premises or permit the same to remain vacant or unoccupied for a period of ten (10) days, or in case of the nonpayment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceedings and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceedings, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

ARTICLE XII

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

ARTICLE XIII

Tenant, upon performing the covenants, conditions and agreements herein contained, shall and may peacefully have, hold and enjoy the premises and privileges hereinafter granted.

ARTICLE XIV

This agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

ARTICLE XV

or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time and such notices shall be deemed to have been given when so sent.

ARTICLE XVI

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

ARTICLE XVII

Landlord expressly reserves the right to further develop or improve the landing area, the Terminal Buildings and other buildings and appurtenances on the Airports as it so sees fit, regardless of the desires or views of the Tenant and without interference or hindrance.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The following sums of money set apart according to departments and other separate agencies of the City government are appropriated from the respective funds designated in this ordinance for the objects and purposes stated herein to defray necessary expenses and liabilities of the City of Chicago to be paid or incurred during the fiscal year beggining January 1, 1964.

SECTION 2. The estimates of current assets and liabilities as of January 1, 1964, the estimates of the amounts of such assets and of the revenues of 1964 available for appropriation, the amounts appropriated, the objects and purposes of such appropriations and the salary rates of all City officers and employees are shown in detail hereinafter.

SECTION 4. Included in the appropriation for Personal Services in applicable departments, bureaus and agencies is an account appearing as Code No. ".015 Schedule Salary Adjustments" provided for the purpose of implementing the compensation plan for classified city employees heretofore adopted by the City Council, the Salary Schedules of which plan, class grades one to twenty-two, both inclusive, are made a part hereof. The amounts set up under account .015 for "Schedule Salary Adjustments" are for the adjustment of Salaries (a) of all employees who are at the entrance rate indicated in the schedule for the grade level of their positions and who after six months of satisfactory service are entitled to a salary increase under Schedule B; (b) of employees who are entitled to adjustments to Intermediate Rates or Maximum Rates prescribed in Schedule B for the grade level of his position after completing the additional twelve month periods indicated; and (c) of employees who are entitled to salary adjustments under Schedule C after completing the periods of service specified in said Schedule C; and (d) base salary schedules for firefighters and police positions as are set forth in Schedule D.
